

SOLAR BORE HOLE PUMP

Type SPP

PRODUCT ADVANTAGES:

Borehole pumps for direct operation on the solar generator

Also suitable for 12 /24 V DC battery operation

Delivery height up to 70 meters; delivery rate up to 6.2 l/min

Runs dry without damage and suitable for continuous operation

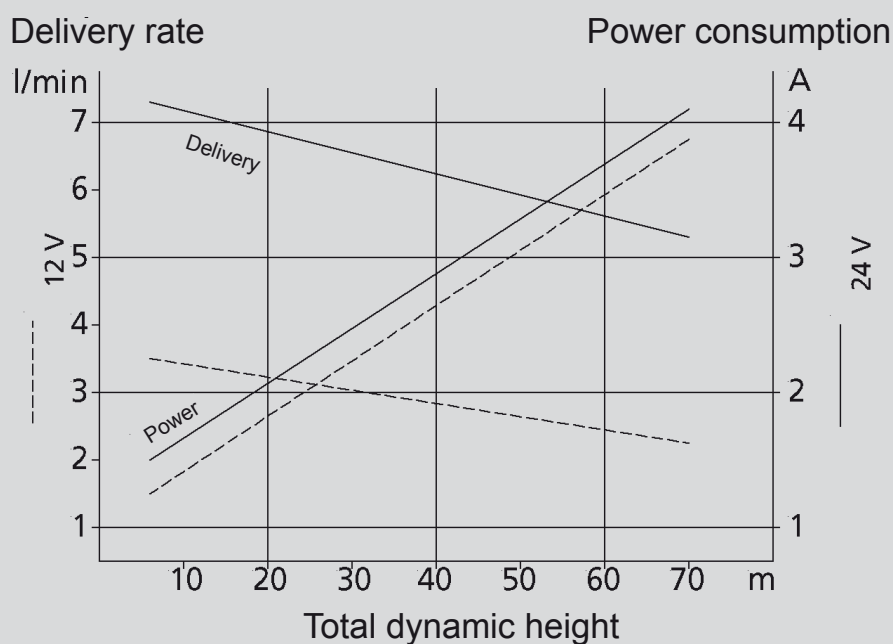

For 4" (100 mm) bore holes and larger

Low-maintenance

All materials are corrosion-free

Automatic start-up

With special watertight plug connector

Characteristic diagram

TECHNICAL DATA

TYPE SPP

Diameter	" (mm)	3 ³ / ₄ (95)
Length	" (mm)	12 (305)
Weight	kg	2.72
Water connection	" (mm)	1 ¹ / ₂ (12.7)
Delivery rate	max. l/min.	6.2
Delivery height	max. m	70
Power consumption	W	120
Nominal voltage	VDC	12 – 24
Current consumption	A	4
Drive	Permanent magnet motor	

Type	Article numbers
SPP Bore hole pump	5600101005
Membrane maintenance set	5600101010
Carbon brush maintenance set	5600101015
Cable connection kit	5600101020

Subject to technical changes for further improvements.
